WHAT'S NEW

We fast approach final construction details, with hopes of opening our doors very soon. A maple tree was planted at the entrance in mid-November, a symbol of beauty, strength, wisdom and protection.

A maple tree's definition: *"holds the wisdom of balance, promise & practical magic"*.

We anticipate watching it grow and blossom, much like the beauty that will evolve within our

building as we welcome individuals who will make Granville Gardens home unique to them.

We are thrilled to welcome new residents in the New Year - brave souls who will embark on a wonderful journey in their new home, with access to opportunities that are inspiring, fulfilling and as active as one would like to be.

FOODIE FEATURES

Did you know that we will be embracing *'all day dining'*?

Live your life as comfortably as you wish, and enjoy access to a variety of options in our breakfast, lunch and dinner menus, and in between, an à La Carte menu of possibilities. Look forward to a featured daily Fresh Sheet and to celebrating buffets, at breakfast and monthly, embracing our Living Loving Local 'Farm To Table' experience. Pair with your favourite beverage from our Wine & Beer menu. We celebrate nutritional quality standards of excellence for you and your guests - without you worrying about groceries, prep, dishes or tipping! Ask about our In Suite Dining options.

We welcome guest reservations in our Red Maple Dining Room or option of Private Dining Room. Food IS love.
